RE: Application for Admission (in respect of School year 2021/2022 & subsequent years)

Dear Parent/Guardian,

Due to the recent enactment of the Education (Admission to Schools) Act, enrolment for School Year 2021-2022 will open from 15/10/2020 until 26/02/2021. Applications received after 26/02/2021 will be considered as 'Late Applications' as per schools Admission Policy. Decisions in relation to all applications will be in line with requirements as outlined in the following, which are on the school's website (www.knockavillaschool.com under 'Policies - Enrolment Policy')

- Annual Admission Notice (in respect of admissions to the 2021-22 school year)
- Admission Policy

Should you have completed an 'Admissions Application Form' previously in respect of 2021/2022, we now ask that you revert to the school's website (www.knockavillaschool.com) and take note of the related details and download the Application form for Admission 2021-2022.

As a result of the change, going forward, the school will only be in a position to accept applications for admission from early October in advance of the school year of the proposed enrolment. For example, should you have a child whom you wish to enrol for September 2022 then an application for this child's school year of proposed enrolment will be accepted from October 2021. Again, a decision in relation to this application will be in line with other respective requirements at the time. Please see our Admission Policy on our website (www.knockavillaschool.com) for further details.

Is mise le meas,

Claire Flavey

Acting Principal
